Building & Refurbishment Contractors

**High quality design and installation
of Kitchens and Bathrooms
at competitive prices**

If you are looking for a new kitchen or bathroom, maybe we can help you

There are many manufacturers of high quality kitchens and bathrooms that only supply to the trade. Take Howdens for example; They offer the same appliances as the main high street D.I.Y chains, and in many cases higher specifications too.

As a building contractor we have access to these suppliers and their discounts. So before you make your final choice why not speak to us.

Even if you have already chosen your new kitchen or bathroom why not let Joyce Property Services give you a quote for installation. Our fitting team are highly experienced so you can be sure that all works carried out will be finished to the highest standard.

Of course you may require a more specialist service

Joyce Property Services have many years experience in all types of groundworks, from basic footings for new builds and extensions to complete drainage and domestic sewage solutions, including the replacement of septic tanks and soak aways.

Joyce Property Services Limited is covered by full £5 million public liability insurance
